
NEBOSH Health & Safety Management for Construction

Overview:

The NC1 is a unit comprising of 2-weeks formal tuition and an Open Book Examination (OBE).

The Health and Safety Management for Construction qualification (NC) is aimed at anyone (managers, supervisors, and workers) in the construction sector. It is ideal for anyone who needs a broad understanding of construction health and safety issues to be able to manage day-to-day risks effectively.

Many people take this qualification as a first step in a career in construction health and safety. It gives a valuable overview and is a sound basis for further professional study.

There are no entry requirements for this qualification.

The Programme:

On this program you will learn about:

Main legal requirements relating to health and safety in UK construction work; identification and control of construction workplace hazards and the practical application of this knowledge

Subject Areas:

- Construction law and management
- Construction activity hazards and control
- Movement of people and vehicles
- Manual and mechanical handling
- Work equipment
- Fire, electrical, chemical, and biological hazards
- Physical and psychological health hazards and control
- Working at height
- Excavation work
- Demolition hazards and control

This course will require an element of private study.

Training notes:

All attendees will get a comprehensive reference manual covering, in depth, all the subjects included in the training program.

Assessment:

The aim of this assessment is for you to practically apply your knowledge and understanding gained from your studies of the NC syllabus. To do this, you will complete an Open Book Examination (OBE) based on a fictional construction site.

Venues

Public courses are delivered at our training centres
The Court in Southam, Warwickshire and The Mount
School in Bromsgrove, Worcestershire.

The Court, Southam

The Mount, Bromsgrove
