

Safety Passport Alliance (SPA) Food and Drink Basic

Course

To provide basic information and areas of responsibility for health, safety and environment.
To understand the implications of hazard recognition/risk assessment and the effects on individuals and the employer.
To demonstrate how individual behaviour can help reduce accidents.
To build on the basic health and safety information of Core Day programme by concentrating on risks specifically found in the Food and Drink industry.
To allow delegates to understand the implications of cost to the business, job security and risk of injury/damage or loss in the areas of hygiene, health, safety and environment are not properly considered.

Objectives

At the end of the course each delegate should be able to:

Demonstrate their understanding of the subjects by successfully completing each module assessment paper
Appreciate how they personally can influence good standards within health safety & environment.
Understand the value of risk assessment and have the knowledge to recognise when change to a generic assessment is required
Understand the common hazards associated with working in this sector
